Product Description

When you choose the Scott® Brand, you make practical choices without compromising on quality and value. For uncompromised clean, every single time. Ideal for use in any high-traffic environments (e.g. food service or airports) where efficiency is critical. With Scott® Essential™, the compact roll is embossed with the Scott® Brand. This rolled hand towel solution is the most efficient vs. the equivalent competitor, providing 25% more towels. Our unique Airflex™ Technology ensures that each towel is Ultra™ absorbent, especially when compared to conventional paper towels. Airflex™ fabric remains Strong when wet, preventing it from ripping, whilst retaining its soft and comforting texture. Scott® hand towels carry the European Ecolabel; your guarantee that they are manufactured responsibly at every step of the process. Individual sheet size 19.8cm wide. Compatible with Aquarius™ Rolled Hand Towel Dispensers (product codes 7375 and 7376). 6 x 350m = 8,400 sheets, white, 1 ply rolled hand towels (2,100m total)

Product Features

Product Data Sheet for SCOTT® MAX Hand Towels - Roll / White - 6691

International Standards and Symbols

Standard R+E

Food Contact Regulations

This product is suitable for food contact and complies with Regulation (EC) No. 1935/2004. Furthermore, nitrile rubber gloves comply with Regulation (EC) No. 10/2011 and German Recommendation, BfR No. XXI, and paper products comply with German Recommendation, BfR No. XXXVI.

AIRFLEX* Technology

AIRFLEX*

Compression

KIMBERLY-CLARK PROFESSIONAL* is using new air compression technology to fit up to 18% more paper hand towels into each case, resulting in a range of commercial and environmental benefits. The technology is being applied across a range of KLEENEX and SCOTT Hand Towels manufactured using AIRFLEX* Fabric. Compressed AIRFLEX* Fabric towels will continue to offer superior absorbency and strength and outstanding levels of hygiene and comfort. Along with the following additional benefits: Environmental, it means more towels per truck so fewer trucks on the road. Packaging waste is also reduced. End-users will now need to use less warehouse storage space for the same amount of hand towels, while more towels in each sleeve will mean fewer refills are required.

Trade

Regulation (EC) No 66/2010 of the European Parliament

The European Ecolabel scheme encourages businesses to market products and services that are kinder to the environment. Only products that meet strict environmental standards are entitled to use the Ecolabel accreditation.

ISO 14001

ISO 14001 is an international environmental standard. Designed to help organisations ensure that operations comply with environmental laws, and; major environmental risks and liabilities are properly identified, minimised and managed.

ISO 9001

This gives the requirements for quality management systems, is now firmly established as the globally implemented standard for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.
